Experience

FPT Software

FPT Software, Ho Chi Minh City (F-Town 3)

Intern – Full Stack Developer

02/2025 – 06/2025

- Developed responsive user interfaces using React.js, Tailwind CSS, and Ant Design, ensuring consistent UI across multiple modules.
- Built RESTful APIs with Node.js and Express to support frontend features such as data retrieval and form handling.
- Created reusable React components and centralized state management, reducing duplicated UI code and improving development efficiency.
- Improved application performance by refactoring components and modularizing the codebase, enabling faster debugging and feature development.

Skills & Interests

Technical: React.js, Node.js (Express.js), ASP.NET Core, UI Libraries.

Language: C#, TypeScript, JavaScript, HTML5, CSS3.

Databases: SQL Server, PostgreSQL, MySQL, MongoDB.

Cloud & DevOps: AWS (S3, SQS, RDS), Azure, Docker, Docker Compose, Jenkins, CI/CD, DigitalOcean, Koyeb.

AI / ML: OpenAI API, Google Gemini AI, Grok, Tesseract OCR.

Tools: Git, GitHub, Firebase, Cloudinary, PayOS, Vite, TailwindCSS, Redux Toolkit, Framer Motion.

Education

FPT University

Ho Chi Minh City Campus

Bachelor of Software Engineering(IT).

10/2021 - 05/2026

Academic Excellence Award – Outstanding Student

University of Wollongong Malaysia KDU

UOW Malaysia KDU University, Malaysia

Complete the Intensive English Program.

10/2022 – 11/2022

Accustomed to working and learning in an international environment.

English certification (equivalent to IELTS 5.5–6.0+).

Projects & Activities

AI Presentation Analysis System | Team Size: 5

Frontend Lead

01/2026 – 04/2026

- Led frontend UI/UX design and implementation for an AI-powered presentation analysis platform.
- Built interfaces for presentation recording, transcript review and AI feedback visualization.
- Implemented role-based dashboards using React, TypeScript, Tailwind CSS and Ant Design.
